information : India has always remained a center of attraction for the world, be it for her technological prowess today or for being one of the oldest civilizations with magic, mystic & abundant prosperity. Till recently, she was looked on as a mystical country with many misconceptions. However, this mystical & magical power stems from her history that is captured in this book, with attractive illustrations supporting the exhaustive text.

information :Each of the 1,000 bucket list-worthy trips in this sumptuous volume has been carefully vetted and selected by the celebrated travel experts at National Geographic. On every page you'll find new ways to experience beloved destinations, such as a family-friendly tour of Rome's beloved ruins or a foodie tour of New York City, as well as hidden gems around the globe, including a cloud forest in the mountains of Ecuador and a kite surfing excursion off the coast of Spain.

information :An encyclopedia of over 350 amphibians, reptiles and mammals. It includes the venomous western diamondback rattlesnake of the southern US; the tree-dwelling flying lizard of South-east Asia; and, the extraordinary egg-laying platypus of Australia. It focuses on how animals have adapted in terms of anatomy, senses and survival skills.

information :“All knowledge that the world has ever received comes from the mind...” in the quest for understanding one’s own mind, body, and soul, and to attain liberation, each man seeks spirituality as per his own means and understanding. Yoga, with its origin dating back to ancient India, has always been considered a pathway of achieving moksha. This edition combines the four paths of yoga as expounded by Swami Vivekananda ninth country
